Re: **December 2018 Issue of Bowls Matters**

Bowls Matters is being Re-Vamped!

Your Bowls Matters is receiving a well-deserved facelift! It will be bigger, fresher and more modern while still including all your favourite regular items. The newly designed Bowls Matters will be straining to give you access to all aspects of our great game and bowls community with more focused articles and in-depth features.

With this in mind and the fact that Christmas is fast approaching Women's Bowls NSW has made the decision not to print this quarters issue of Bowls Matters.

But fear not! This issue will still be available for your reading pleasure on our website and social media outlets. A copy is also being sent to all club secretaries via email so that if any member would like a printed copy from their club this is still an option for you.

As you can imagine this decision was not made lightly but it was made in the best interests of every member being able to access a copy. Based on the same timing from last year an enormous amount of Bowls Matters were returned to office due to Bowls Clubs closures for the holiday season. Unfortunately, this meant that some members missed out on their copy and of course the returns incurred expenses from postage and printing.

We hope you are looking forward to seeing our new look Bowls Matters with the first edition scheduled for the start of May and as a sneak peek the first edition will give you full access to what you can expect from this year's State Carnival destination.
